

Remarks

In Applicant's discussion of Ream Weights in Parks et al., Applicant relied on Example 3 in the present case, which uses a 200 grams/square meter board, as basis for New Claim 8 in which the paper layer is limited to paper having a weight between 20 and 200 grams/square meter. This was clearly set forth in the discussion, but in drafting the New Claim 8, Applicant's attorney cut and pasted Claim 1 into Amendment as New Claim 8 with the intent of changing the "400 g/m²" in Claim 1 to "200 g/m²" in Claim 8, but did not do so.

Applicant's attorney apologizes for any inconvenience caused by his oversight, and respectfully requests consideration of the outstanding rejections in view of the Claims as amended and the remarks made in the May 27, 2003, Amendment.

Respectfully submitted,

Robert B. Stevenson
